Washington 25, D. C.

Dear General:

Many thanks for your letter of February 25th which will be most helpful to me in getting out of several honorary non-paying jobs which are both onerous and time consuming. I want also to thank you again for the cigarette box which you and the deputies gave me.

The Brownell Committee is, I think, making some progress and we now have a tentative deadline for filing the report on April 1st. I intend to go to Washington for about four days of work on the report over the weekend of March 7th and will hope to see you then.

With best personal regards as always,

Very sincerely,

Bill

William H. Jackson
